Independent Auditor's Report

To the Members of FIRST STEPS BABYWEAR PRIVATE LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **FIRST STEPS BABYWEAR PRIVATE LIMITED** ("the Company"), having its registered office at 235-D, Bommasandra Industrial Area, Phase III, Hosur Road, Bangalore - 560 099 which comprise the Balance Sheet as at **31st March 2024**, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs of the Company as at **31st March 2024**, and its **profit**, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Annual Report to the Shareholders but does not include the standalone financial statements and our auditor's report thereon. The Annual Report to the Shareholders is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance) changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation;

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance, a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - (e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of section 164(2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
 - (g) The provisions of Section 197(16) of the Act is not applicable to the Company, hence reporting under the same is not required;
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company doesn't have any pending litigations as on 31st March, 2024 other than stated in the Note.36 to financial statement;
 - (ii) The company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses as at 31 March 2024;
 - (iii) There has been no delay in transferring amounts, required to be transferred, the Investor Education and Protection Fund by the Company;

(iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement;

(v) The company has not declared any dividends during the year;

(vi) Based on our examination, which included test check, the company has used accounting software for maintaining its books of account which has a feature of recording the audit trail (edit log) facility has been operating throughout the year for all relevant transactions recorded in the software. Further, during the audit we did not come across any instance of audit trail feature being tampered with;

As proviso to Rule 3(1) of the Companies (Account) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure 'A' to Independent Auditors' Report - 31st March 2024 (Referred to in our report of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets;

(B) The Company has maintained proper records showing full particulars of intangible assets;
 - (b) The company has a regular program of physically verifying all the Property, Plant and Equipment at its plants/ offices in a phased manner, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. No material discrepancies as compared to book records were noticed on such verification;
 - (c) Based on our examination of the property tax receipts and lease agreement for land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the standalone financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date;
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year;
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder;
- ii. (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. Discrepancies noticed on such physical verification, were less than 10% in aggregate for each class of inventory and have been properly dealt within the books of account;

In respect of inventories with third parties, which have not been physically verified, there is a process of obtaining confirmation from such parties;
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crore during the year, from banks on the basis of security of current assets and in our opinion, the quarterly returns or statements filed by the company are in agreement with the books of the accounts;

- iii. (a) The Company has provided loans in the nature of loans to its subsidiaries, and provided for guarantee, or security to subsidiaries & made investments in subsidiaries during the year as per details given below:

Particulars	Guarantees	Loans	Investments
Aggregate amount provided / granted/ invested during the year - Subsidiaries	Rs. 4200.00 Lakhs	Rs. 9365.00 Lakhs	Rs. 7414.02 Lakhs
Balance outstanding as at balance sheet date in respect of above cases: - Subsidiaries	Rs. 38200.00 Lakhs	Rs. 10,065.00 Lakhs	Rs. 18,533.68 Lakhs

- (b) In our opinion, and according to the information and explanations given to us, the Loans granted, investments made, guarantees provided, security given and terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are, prima facie, not prejudicial to the interest of the Company;
- (c) In respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amount and receipts of interest are regular as per stipulation;
- (d) According to the information and explanation given to us, in respect of loans and advances there is no overdue amount as at balance sheet;
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties;
- (f) The Company has not provided advances in the nature of loans repayable on demand or without specification of any terms or period of repayment;
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of 186 of the Act in respect of investments & loans granted. Further, in our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of guarantees provided;
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable;
- vi. The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable;

vii. In respect of statutory dues:

- (a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and service tax, duty of customs, and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable;
- (b) There are no dues in respect of income tax, sales tax, Goods and service tax, duty of customs, duty of excise and value added tax that have not been deposited with appropriate authorities on account of any disputes except the following;

Name of the Statute	Nature of the dues	Period to which the amount relate	Forum where dispute is pending	Amount Involved (Rs. In Lakhs)
Income Tax Act, 1961	Income Tax Penalty proceed	FY 2016-17	CIT (Appeal)	5.00

viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (Section 43 of 1961);

- ix. (a) The Company has not defaulted in repayment of loans or borrowings to any lender during the year;
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;
- (c) In our opinion and according to the information and explanations given to us, the company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained;
- (d) On an overall examination of the standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company;
- (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and hence reporting on clause 3(ix)(e) of the order is not applicable;
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence reporting on clause 3(ix)(f) of the Order is not applicable;

- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable;
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable;
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed reported during the year;
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report;
- (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year;
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable;
- xiii. In our opinion and according to the information and explanations given to us, all transactions entered into by the Company, with the related parties are in compliance with section 188 of the Act. Further, according to the information and explanations given to us, the Company is not required to constitute an audit committee under section 177 of the Act;
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under the audit, issued to the company during the year and till date, in determining the nature, timing and extent of our audit procedure;
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company;
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable;
- (d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable;
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year;
- xviii. There has been no resignation of the statutory auditors of the Company during the year;

- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- xx. (a) According to the information and explanations given to us in respect of other than ongoing project, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in Note No. 43 to the Standalone financial statements;
- (b) According to the information and explanations given to us and based on the records, there are no unspent amounts in respect of ongoing projects that are required to be transferred as company has already transferred.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of FIRST STEPS BABYWEAR PRIVATE LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of FIRST STEPS BABYWEAR PRIVATE LIMITED (the “Company”) as of March 31, 2024 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company;
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

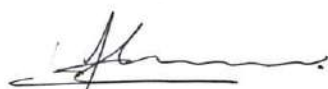

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes forming part of Financial Statements*(All the amounts are in Indian Rupees lakhs except for share information/EPS or otherwise stated)***32 Financial risk management objectives and policies****Risk management framework**

The Board of Directors of the Company have the overall responsibility for the establishment and oversight of the their risk management framework. The Company has constituted a Risk Management Committee. The Company has in place a Risk management framework to identify, evaluate business risks and challenges across the Company. The risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit which regularly reviews risk management controls and procedures, the results of which are reported to the Audit Committee. These risks include foreign currency risk, credit risk, liquidity risk and interest rate risk.

Foreign currency risk management

The Company's functional currency in Indian Rupees (INR). The Company undertakes transactions denominated in foreign currencies due to which it is exposed to exchange rate fluctuations. Volatility in exchange rate of foreign currencies affects the cost of imports, primarily in relation to raw materials. The Company is generally exposed to foreign exchange risk arising through its sales and purchases denominated in foreign currency predominantly in US dollars, GBP and Euros.

(Refer note 38 for foreign currency risk exposure as at standalone balance sheet date)

Commodity price risk

The Company doesn't enter into any long term contract with its suppliers for hedging its commodity price risk.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Company is exposed to credit risk from its operating activities mainly trade receivables. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. Credit risk is managed by the Company through approved credit norms, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The provision for doubtful receivables has been historically negligible. The assessment is done at regular intervals and allowance for doubtful trade receivables as at 31 March 2024 & 31 March 2023 is considered to be adequate.

Particulars	As at 31st March 2024		As at 31st March 2023	
	Less than 1 year	More than 1 year	Less than 1 year	More than 1 year
Gross carrying amount	13,871.23	893.95	16,391.68	215.67

Carrying amount of trade receivables (net of expected credit losses)	13,871.23	864.87	16,391.68	215.67

b) Liquidity risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Ultimate responsibility for managing the liquidity risk rests with the management, which has established an appropriate liquidity risk management framework for managing the Company's short-term, medium-term and long-term funding. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual short-term and long-term cash flows, and by matching the maturity profiles of financial assets and liabilities. The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees at floating rates of interest.

Total borrowings as at the standalone Balance Sheet date is as follows:

Total	10,609.34	11,070.49

Capital management

The Company's objective for capital management is to maximize shareholder's wealth, safeguard business continuity and support the growth of the Company. The Company determines the capital management requirement based on annual operating plans and long term and other strategic investment plans. The funding requirement are met through equity, borrowings and operating cash flows required.

Notes forming part of Financial Statements*(All the amounts are in Indian Rupees lakhs except for share information/EPS or otherwise stated)***33 Financial instruments**

The significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 1 to the standalone financial statements.

Financial instruments by category and hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the standalone financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

There are no transfers between levels during the year.

The management considers that the carrying amount of financial assets and financial liabilities recognised in these standalone financial statements at amortised cost approximate their fair values.

- The carrying value and Fair value of Financial assets and liabilities by categories are as follows :

Sensitivity analysis

The key actuarial assumptions to which the defined benefit plan is particularly sensitive to are discount rate and salary growth rate. The following table summarises the impact on the reported defined benefit obligation at the end of the year arising on account of an increase or decrease in the assumption by 100 basis points:

Particulars	As at 31st March 2024	As at 31st March 2023
Delta Effect of +1% Change in Rate of Discounting	(0.05)	(0.04)
Delta Effect of -1% Change in Rate of Discounting	0.05	0.05
Delta Effect of +1% Change in Rate of Salary Increase	0.04	0.04
Delta Effect of -1% Change in Rate of Salary Increase	(0.04)	(0.04)
Delta Effect of +1% Change in Rate of Employee Turnover	(0.01)	(0.01)
Delta Effect of -1% Change in Rate of Employee Turnover	0.01	0.01
Mortality rate 10% up	(0.00)	(0.00)
Effect of no Ceiling	0.05	0.03

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as and when calculating the defined benefit liability recognised in the standalone Balance Sheet.

Return on investment	Profit after tax	Average Investment	0.27	0.77	-64%	(viii)

¹ Debt includes current and non current portion of lease liabilities.² Earnings for debt service includes net profit after taxes and non-cash operating expenses like depreciation, profit/ loss on sale of property, plant and equipment, etc.³ Debt service includes interest & lease payments.⁴ Revenue from operations means gross credit sales after deducting sales return.⁵ Total purchases means gross credit purchases after deducting purchase return.⁶ Working capital is calculated by deducting current liabilities from current assets.⁷ Capital employed is calculated by Net worth + total debt + deferred tax liability - Intangible asset**Explanations for variances change more than 25%**

(i) The decrease in current ratio is because of closure of fixed deposit and decrease in trade receivable.

(ii) The Debt service coverage ratio is decreased because of decrease in profit margin as compared to last year.

(iii) The return on equity ratio is decreased because of increase in expenses and decrease in profitability compared to the previous year.

(iv) The Inventory turnover is increases on account of increase in purchases cost compared to previous year.

(v) The Trade receivable turnover ratio is decreased on account of decrease in sales margin, compared to previous year.

(vi) The net profit ratio is decreased because of the decrease in sales margin during the year compared to the previous year.

(vii) The Return on capital employed is decreased, because of increase in production expenses as compared to the previous year.

(viii) The Return on investment is decreased on account of increase in the current year investment in subsidiaries compared to the previous year.

46 Balance Confirmation:

The Management has sent letters of confirmation to various parties who are classified as Trade Receivables, Trade Payables, and to parties from whom Trade Advances have been received or to whom Trade Advances have been given. A majority of the parties to whom such confirmation letters were sent have responded, and their accounts have been reconciled accordingly. However, some parties have not responded, and as a result, their accounts could not be reconciled. Therefore, these balances cannot be treated as confirmed, although, in the opinion of Management, the balances are in order.

47 Previous year figures

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

48 Rounding off:

All the numbers have been rounded off to nearest Lakhs except shares and EPS.

1. MATERIAL ACCOUNTING POLICIES

The accounting policies mentioned herein are relating to the standalone financial statements of the Company.

a) Brief description of the Company

First Steps Babywear Private Limited ('the Company') was incorporated on 4th Sept 2001 as a private limited company under the provisions of the Companies Act. The Company is in the business of manufacturing "Knitted Babywear".

b) Basis of preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Disclosures under Ind AS are made only in respect of material items and in respect of items that will be useful to the users of financial statements in making economic decisions.

The financial statements have been prepared on historical basis following the principles of prudence which requires recognition of expected losses and non-recognition of unrealized gains.

The financial statements have been prepared under accrual basis of accounting except for certain financial assets and liabilities (as per the accounting policy below), which have been measured at fair value.

c) Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period.

This note provides an overview of the areas that involved a higher degree of judgment or complexity. It also provides an overview of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d) Significant estimates and judgments

The areas involving significant estimates or judgments are:

- i) Estimation of defined benefit obligation - (Refer Note 36)
- ii) Estimation of useful life of Property, Plant and Equipment (Refer Note 1(f) and 1(g))
- iii) The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised

e) Revenue recognition

Revenue from contracts with customers is recognized upon transfer of control of promised goods/ services to customers at an amount that reflects the consideration which the Company expect to be entitled for those goods/ services.

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognize revenues when a performance obligation is satisfied.

Revenue from sale of products: Revenue is measured at the fair value of the consideration received or receivable net of returns and allowances, trade discounts and volume rebates, taking into account contractually defined terms of payment excluding taxes or duties collected on behalf of the government.

Goods and Service Tax (GST) is not received by the Company in its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Merchant Exports: The company has merchant exports the revenue whereof is recorded after dispatch and handover of the goods by the contracted factory to the nominated forwarder.

f) Property, Plant and Equipment

Freehold Land is stated at historical cost. All other items of Property, Plant and Equipment are stated at cost of acquisition/construction less accumulated depreciation / amortization and impairment, if any. Cost includes:

- (i) purchase price,
- (ii) taxes and duties,
- (iii) labour cost
- (iv) directly attributable overheads incurred upto the date the asset is ready for its intended use, and
- (v) Government grants that are directly attributable to the assets acquired.

However, cost excludes excise duty, value added tax, service tax and GST, to the extent credit of the duty or tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Gains or losses on disposals are determined by comparing proceeds with the carrying amount. These are included in the Statement of Profit and Loss within Other gains/(losses).

g) Depreciation

- i) Depreciation on tangible fixed assets is charged over the estimated useful life of the asset or part of the asset (after considering double/triple shifts) as evaluated by a Chartered Engineer and in accordance with Ind AS 16, taking into consideration both usage, useful life and legal limitations on the use of assets, on straight line method, in accordance with Part A of Schedule II to the Companies Act, 2013. Depreciation is adjusted for the proportionate usage with reference to the asset's expected capacity or physical output during the reporting period.

(All the amounts are in Indian Rupees lakhs except for share information/EPS or otherwise stated)

- ii) The estimated useful life of the tangible fixed assets as assessed by the Chartered Engineer and followed by the Company is furnished below:

Description	Years
Factory building and other buildings	5 to 30
Plant and Equipment	5 to 15
Electrical Equipment	10
Furniture and Fixtures	10
Solar Plant	20
Computers	3 to 6
Software & Server	6
Windmill	22
Office Equipment	5
Vehicles	10

- iii) The residual value for all the above assets is retained at 5% of the cost except for Mobile phones for which Nil residual value is considered. Residual values and useful lives are reviewed, and adjusted, if appropriate, for each reporting period.
- iv) On tangible fixed assets added / disposed off during the year, depreciation is charged on pro-rata basis for the period for which the asset was purchased and used.
- v) Depreciation in respect of tangible assets costing individually less than Rs.10,000/- is provided at 100%.

h) Impairment

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

i) Foreign currency translation

i) Functional and presentation currency:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'), i.e. in Indian rupees (INR) and all values are rounded off to nearest lakhs except where otherwise indicated.

ii) Transactions and balances:

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

- (a) Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.
- (b) Non-monetary items denominated in foreign currency such as investments, fixed assets, etc., are valued at the exchange rate prevailing on the date of transaction.
- (c) Exchange differences arising on settlement of transactions and translation of monetary items and non-monetary items are recognized as income or expense in the year in which they arise.

j) Hedge accounting

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Company designates certain derivatives as either:

- hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedges)
- hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions (cash flow hedges), or

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in fair values or cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 38, Movements in the hedging reserve in shareholders' equity are shown in Note 38. The full fair value of a hedging derivative is classified as asset or liability.

235-D Bommasandra Indl Area Phase III Hosur Road Bangalore - 560 099

Notes forming part of Standalone Financial Statements

(All the amounts are in Indian Rupees lakhs except for share information/EPS or otherwise stated)

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognized immediately in the Statement of Profit and Loss, within other gains/(losses).

When forward contracts are used to hedge forecast transactions, the company generally designates only the change in fair value of the forward contract related to the spot component as the hedging instrument. Gains or losses relating to the effective portion of the change between spot component of the forward contracts are recognized in other comprehensive income in cash flow hedging reserve within equity. In some cases, the entity may designate the full change in fair value of the forward contract (including forward points) as the hedging instrument. In such cases, the gains and losses relating to the effective portion of the change in fair value of the entire forward contract are recognized in the cash flow hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects the Statement of Profit and Loss (for example, when the forecast sale that is hedged takes place).

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to the Statement of Profit and Loss within other gains/(losses).

k) Inventories

Inventories are valued at the lower of cost and net realisable value.

- i) Cost of raw materials, components, stores, spares, work-in-process and finished goods are determined on a moving average basis.
- ii) Cost of finished goods and work-in-process comprises of Direct materials, Direct labour and an applicable proportion of Variable and Fixed overhead expenditure, Fixed Overhead Expenditure absorbed on the basis of normal operating capacity.
- iii) Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.
- iv) Materials and supplies held for use in production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost. Slow and non-moving material, obsolescence, defective inventories are duly provided for.

I) Employee benefits

i) Short term obligations:

Short term obligations are those that are expected to be settled fully within 12 months after the end of the reporting period. They are recognized upto the end of the reporting period at the amounts expected to be paid at the time of settlement.

ii) Other long term employee benefit obligations:

Annual leave is settled on calendar year basis. It is usually paid in the first quarter of the next calendar year. Sick leave is paid on the basis of claim. Employee is permitted to accumulate sick leave till retirement/resignation. Accrued liability for the sick leave not availed during a financial year is provided for in the books of accounts

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for atleast twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligation:

The Company operates the following post-employment schemes:

- a) Defined benefit plans such as gratuity for its eligible employees.
- b) Defined contribution plan such as provident fund.

Gratuity obligation:

The liability or asset recognized in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net of deferred tax). They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the Statement of Profit or Loss as past service cost.

Provident fund:

The eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. Actually, contributions are made to NPFO & Company does not have the trust. The contributions made to NPFO are recognized as expenses during the financial year. The sentence in red colour is to be removed.

iv) Bonus Plans:

The Company recognizes a liability and an expense for bonus. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

m) **Taxes on income**

Tax expense comprises of (i) current tax and (ii) deferred tax. The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

n) Provisions and contingent liabilities

i) Provision:

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated. The estimated liability for product warranties is accounted based on technical evaluation, when the products are sold.

Provisions are evaluated at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

ii) Contingent liabilities:

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liability. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

o) Leases

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Company is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees
- the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- The Rate is determined based on weighted average cost for all term loans .

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Variable lease payments that depend on sales are recognised in profit or loss in the period in which the condition that triggers those payments occurs.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

p) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

q) Trade receivables

At initial recognition, the Company measures at its fair value (in the case of a financial asset not a fair value through profit or loss) plus transaction cost that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

r) Investments and Other financial assets

i) Classification:

The Company classifies its financial assets in the following categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through statement of profit and loss), and
- Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flow.

ii) Measurement:

At initial recognition, the Company measures a financial asset at its fair value plus (in the case of a financial asset not a fair value through profit or loss) transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

iii) Equity instruments:

Subsequent to initial recognition, the Company measures all investments in equity (except of the subsidiaries / associates) at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there will be no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately. Where the Company elects to measure fair value through profit and loss, changes in the fair value of such financial assets are recognized in the statement of profit and loss.

iv) Investment in subsidiaries

Investment in subsidiaries / associates are measured at cost.

v) Impairment of financial assets:

The company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVTPL debt instruments. The impairment methodology applied depends on whether there has been significant increase in credit risk. Note 32 details how the company determines whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected credit losses to be recognized. The company receivable are covered by insurance and therefore provision is established for amounts not covered by the insurance that have been outstanding for a long time.

vi) De-recognition of financial assets:

A financial asset is derecognized only when:

- a) the Company has transferred the rights to receive cash flows from the financial asset or
- b) the Company retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized, if the Company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

s) Loans and Advance;

Loans and advances are recognized when the Company enters into a contractual agreement with the borrower and the amount is disbursed. Initial measurement is at the fair value of the consideration given, which is typically the principal amount of the loan or advance.

Loans and advances are classified as either short-term or long-term based on their repayment terms. Short-term loans and advances are those expected to be settled within one year from the reporting date, while long-term loans and advances are those with a repayment period extending beyond one year.

Loans and advances to related parties are disclosed separately. They are accounted for in accordance with the terms agreed upon and are subject to the same recognition, measurement, and impairment policies as other loans and advances.

t) Borrowings

Borrowings are initially recognized at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings, using the effective interest method if loan period is more than 12 months. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for over or at least 12 months after the reporting period.

u) Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period to get ready for their intended use or sale.

v) Government Grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received, and the Company will comply with all attached conditions.

Revenue from Duty Drawback and rebate of state levies is recognized on the completion of shipment of goods. Revenue in the form of licenses granted on the basis of export performance is accounted on accrual basis. The revenue and expenditure (Including Windmill Operations) are accounted on Accrual Basis as they are earned or incurred.

Government grants receivable as compensation for expenses or financial support are recognized in profit or loss of the period in which it becomes available.

w) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. In respect of other assets, it is treated as current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. In Company's considered view, twelve months is its operating cycle.
